### **PHILOSOPHY**

The educational system of Sioux Valley Schools belongs to the community, not to the faculty, the administration or the board of education. It is the responsibility of these three groups to serve the community to the best of their combined abilities.

Education is learning to live. It should involve the entire being and should promote the physical, mental, and social welfare of the pupil. School personnel should realize that all pupils are not equally capable but that every child should be given a chance to develop to the extent to which he/she is capable.

The most important single factor in the learning process is the teacher. The personality, skills, and ability of the classroom teacher are vital to effective education.

If education consists in learning to live, then the subject matter and activities of the school curriculum should meet present day needs. Schools should develop in the students "the desire to learn".

### **NONDISCRIMINATION/ACCESSIBILITY**

The Sioux Valley School District 5-5 does not discriminate in its employment policies and practices, or in its educational programs on the basis of race, color, creed, religion, age, sex, disability, national origin, or ancestry. Inquiries concerning the application of Title VI or Title IX may be referred to the activities director at Sioux Valley School, P.O. ### **STUDENT SERVICES – ACADEMIC**

#### **GRADE REPORTS**

Students and parents may view academic progress on line. To gain access, go to the Sioux Valley website: [www.svs.k12.sd.us](http://www.svs.k12.sd.us). Click the parent portal and follow the directions to obtain a user name and password. Transcript data, attendance reports, and disciplinary information are also available at this site.

Report cards will be issued following the close of each nine weeks period. The card will contain class grades for quarters and semesters completed. It will also list absences and tardies. Written notices will be sent to parents at mid-nine weeks relative to those students who, in the estimation of their teachers, are not working up to ability or are having problems with their school work.

#### **GRADING SCALE**

A-100-93  
B-92-85  
C-84-77  
D-76-70  
F-69 & Below

Courses dropped after **two weeks into the semester will result in “F” for the quarter grade** unless the teacher’s or administrator’s recommendation is given to waive this stipulation. **Students who withdraw after the allowed drop period or are dropped from a class for attendance reasons will receive an “F” on their transcript.**

#### **CONFIDENTIALITY OF SCHOOL RECORDS**

Sioux Valley School District observes the privacy laws as set forth in FERPA. A copy of the regulation is available at the business office.

#### **HOMEWORK**

Homework is an integral part of the educational experience. It extends time available for learning, encourages students to work independently, and gives parents an insight into the school’s curriculum. Sioux Valley staff members consistently emphasize homework and believe that every student will complete every assignment. Zeroes are unacceptable. Students with incomplete or missing homework will be placed on the ICU (Intensive Care Unit) List. Only Sioux Valley staff members can access this list to help provide guidance during study hall and student advisory time to aid students in completing their homework. **Failure to turn in homework will require students to attend Wednesday School from 1:45 – 2:30 pm.**

#### **PLANNER**

Each year middle school and high school students are issued a planner. The planner remains school property and should be maintained in a respectful manner. A student, who does not have the planner that was issued to them, will be required to purchase a replacement planner in the amount of \$6.00. A student without a planner will not be allowed to check out of a classroom or the school during the school day.

#### **STUDY HALL POLICY**

- A seating arrangement will be made by the instructor.
- Permission to work with another teacher must be documented prior to study hall.
- Students are to use the entire time to study or read. Students need to be prepared with enough work for the entire period.
- Students are not to have headset music players or games of any type.
- Students who need computer access for the entire period in the library must have written verification in their planner from the classroom teacher assigning the work.

#### **STUDENT SERVICES - RESPONSIBILITY**

##### **ATTENDANCE**

1. Parents of an absent student must call the school before 8:30 am each day that a student will be absent. Our voice messaging service enables parents to make those calls at any time of day or night. If parents do not call, the school will call the parent. If the school cannot reach a parent, the absence will be unexcused until the parent does call. Parents who are taking their child on an extended trip may simply call before leaving to excuse their child for the entire time block.
2. Students must check out at the secondary principal's office when leaving during the day or the absence will be unexcused.
3. Students have two days for each day absent to make up work.
4. Any work required prior to the absence is due upon return unless there are extenuating circumstances.

5. Two unexcused tardies per quarter will be forgiven. Any subsequent tardies will result in an office intervention. Students who arrive at class fifteen or more minutes late will be counted absent for that class period and are required to make up the time at the teacher's or principal's discretion.
6. Non-participating students will not be excused to attend any activities i.e. athletic (other than state), FFA, etc., that are scheduled during the day. Exception: Siblings may be excused to support a participating brother or sister with parental permission. Students will be dismissed to attend state athletic events only if they have prior parental permission turned in at the office.

#### **GUIDELINES FOR EXCUSED AND UNEXCUSED ABSENCES**

##### **Excused Absences:**

- Personal illness or accident
- Death, serious illness, or injury within the immediate family, household, or close friends
- Medical or dental appointments which cannot be arranged other than during school time
- Attendance at a school sponsored or approved activity
- Other compelling situations, which are approved by the administration if suitable reasons are submitted in writing.

##### **Unexcused Absences:**

- Absences without the permission of the parents, guardian, or school official
- The school may or may not grant a request by a parent or guardian for an excused absence. Examples of absences which will not be excused by school officials unless there are extenuating circumstances include, but are not limited to:

##### **Excessive Absences**

If a student misses a class five times during the year (excluding school-sponsored activities), notification will be sent to parents informing them of the number of absences.

If a student misses a class ten times during the year (excluding school-sponsored activities), notification will be sent to parents informing them of the number of absences and the school will henceforth excuse the student only in the case of illness or extreme necessity.

**Fifteen absences from a class during the year (excluding school-sponsored activities) will result in a referral to our School Resource Officer, unless there are serious health problems verified by a medical doctor or other extenuating circumstances.**

#### **CO-CURRICULAR/PERFORMANCE ATTENDANCE REQUIREMENTS**

An athlete, play participant, band member, choir member, cheerleader, etc. is expected to be in school by the beginning of Period 5 if s/he is to participate after school. The student is expected to be in school if s/he is to perform/play that evening. There may be exceptions such as a student being required to go out of town for a military exam. Such cases should be cleared in advance with the principal.

#### **DISCIPLINE**

All disciplinary actions will follow the Student Discipline Plan. Students will receive credit for work they complete during suspensions, provided the work is turned in by the due date.

Students who threaten the safety of themselves or others will be removed from the school setting immediately. If students break the law, school officials may notify the authorities.

### **SPORTSMANSHIP AT ACTIVITIES**

Sioux Valley Schools has traditionally had tremendous enthusiasm for extracurricular activities, which have played a vital role in the success for all student participants. It is helpful to remember that the visiting team members are our guests and that the opposing teams are friendly rivals, not enemies.

The officials by agreement between the two competing schools are assigned to administer the rules of the game. Their experience and integrity qualify them for this responsibility. An attitude of friendly sportsmanship should be reflected by all spectators, no matter how strong their loyalty to their team.

### **CODE OF SPORTSMANSHIP**

Cell phones must be turned off and kept in the student's locker during the school day. Should a cell phone cause any disruption of the academic setting, the classroom teacher is authorized to confiscate the cell phone and turn it in to the principal who will record the violation. The student will be required to call her/his parent, who may choose to have the principal return the cell phone to the child at the end of the day or to have the principal hold the cell phone until the parent can pick it up. Any repeated violations will require parent pick up of the cell phone and will result in detention or in school suspension.

### ACTIVITY RULES DISCIPLINE PLAN

Student participation in school activities is a privilege, not a right. Students who choose to participate in school activities are expected to exemplify high standards of behavior and positively represent Sioux Valley School and the community and to bring credit rather than discredit to the school whose programs make such participation possible.

Any middle school or high school student wishing to participate in school activities shall not possess, buy, sell, dispense, or use tobacco; a controlled mood-altering substance, such as steroids, marijuana, inhalants, alcohol and other drugs; or commit any crime against a person or against property.

These activity rules will be enforced the entire year, which includes the summer months, regardless of whether or not the student is participating in an activity at the time. A student who violates these regulations shall be ineligible to participate according to the activity rules listed below.

Any student athlete is also subject to suspension and/or dismissal from a team/squad/program in the case of having an unexcused absence in the form of attending a non-school sponsored activity over a school sponsored activity. This punishment will be at the head coach and activities director's discretion.

The following activity rules apply for all students participating in school activities whether the offense occurs in a school, on school property, in district vehicles or buses, at district events, or away from district property. The Activity Rules Discipline Plan applies to all students participating in athletics and cheerleading and other activities included in the school activities definition.

**Consequences:** Violations shall accumulate for four years in high school (grades 9-12). Middle school students participating in any high school activities shall have violations accumulate for the number of years they participate in high school activities. Once a middle school student participates in a varsity sport, they will be considered to have a varsity status from that point on. Violations for middle school (grades 6-8) shall be for one year. If they are in the process of serving a one year suspension, they must complete that year of suspension before eligibility will be restored.

- The suspension period for an activity rules violation begins on the date of the next school activity event in which the student is involved and the season must be completed (practices, events, etc.) for the suspension to be served.
- The following consequences are minimums only. The actual period of suspension shall be determined by the administration in each individual case.
- **The administration and coach/activity supervisor may enforce a more severe penalty, which may include termination from activities, if the violation warrants it. If the penalty exceeds the minimum for the violation, the reason shall be stated in writing.**

#### I. FIRST VIOLATION

- A. After confirmation of the first violation, the student shall not participate in any school activity event in which the student is a participant for a minimum of 1/8 of the number of regular season events scheduled.
- B. Athletes who have committed a first violation may receive their appropriate awards, including the 4-year 3- sport award, if they have completed all policy requirements to be reinstated.
- C. Marijuana and other Drugs (SDCL 13-32-9)  
Any student is ineligible to participate in any extracurricular activity for drug violations for one calendar year from the date of adjudication, conviction, diversion, or suspended imposition of sentence. The one-year suspension may be reduced to sixty school days if the person participates in an assessment with a certified chemical dependency counselor or completes an accredited intensive prevention or treatment program.

## II. SECOND VIOLATION

- A. After confirmation of the second violation, the student shall not participate in any school activity event for a minimum of 1/3 of the number of regular season events scheduled.
- B. Athletes who have committed their second violation will forfeit their appropriate awards, including the 4-year 3-sport award.
- C. Marijuana and other Drugs (SDCL 13-32-9)  
After confirmation for the second marijuana or other drug violation, the student shall not participate in any school activity or activity event for the rest of his or her high school career.
- D. In the event the second marijuana/other drug violation is not a conviction, adjudication, or the subject of a suspended imposition of sentence, the activity suspension may be reduced if the student completes a drug evaluation and completes an approved drug prevention program.

## III. THIRD VIOLATION

- A. After confirmation of the third or subsequent violations the student will be terminated from all activities for the remainder of their school career. The student will not be eligible for activity awards.

### **GUIDELINES FOR MIDDLE SCHOOL STUDENT-ATHLETES PARTICIPATING IN HIGH SCHOOL SPORTS**

Whenever decisions are made with regards to moving a middle school student up to compete at the high school level, the first consideration shall be whether the student is ready emotionally and socially to accept the responsibility and pressures that may accompany such a move.

The basic philosophies regarding activities at Sioux Valley Schools are focused on the following:  
Middle School- Exploratory, Developmental and Competitive experiences  
High School- Developmental and Competitive experiences

Precautions will be taken so that a middle school athlete is not overextended physically, emotionally or academically by being a member of various teams.

#### **Individual Sports:**

For the purposes of these guidelines, individual sports will consist of **cross country, track, wrestling, and golf.**

#### **Team Sports:**

For the purposes of these guidelines, team sports will consist of **volleyball, competitive cheer, boys' basketball, and girls' basketball.**

The head varsity coach will recommend such a move to the activities director. If the activities director and principal are in agreement, there will be communication with the parents of the student to be moved to confirm that they are in agreement for their son/daughter to move up to the high school level. Listed below are the two possible conditions for such a move:

- A) Students moving up due to their ability must move up at least two levels:
  - Basketball or volleyball players would petition up to high school but would need to move to at least the B team - not the C team.
- B) Numbers exception for a team, certain position or event for an individual sport: Players may move up if numbers are low to the point that a JV and Varsity Squad will not be able to function properly with regards to: Participation requirements by the SDHSAA, injuries or game situations. \*(The numbers exception will not be used to field a C team for the entire year but may be used to prevent a C game or tournament from being cancelled due to special circumstances)

- If a MS student athlete is competing in both MS and HS events, the number of events they are permitted to participate in may be reduced depending on the schedule. When there is a MS event and a HS event on the same day, the student-athlete will be permitted to play no more than the SDHSAA requirements allow.
- A MS student will not be allowed to compete in both MS and HS events that are team sports if he/she is competing at the JV or Varsity level.

**Football:**

Because of the nature of football being a contact sport, moving a student up in the sport of football is a safety issue, so it will not be allowed.

\* The administration will make decisions on situations with special circumstances that may not be included in these guidelines. This process will not be required of programs that run 7<sup>th</sup>-12<sup>th</sup> grades.
